5/16" Wide Miniature Hose Clamps

Hose Clamp Features: 201 Stainless Steel Band, Carbon Screw & Housing, Worm Drive. Small enough to install in very tight places, yet strong enough to give a tight, lasting seal that will not shake loose. Band is made of corrosion resistant stainless steel. The 1/4" hex head and housing are carbon steel. **Made In U.S.A.**

Part No.	Fits Hose I.D.	Clamp Diameter		Qty/Pkg
		Min.	Max.	
M4SB	3/16" - 5/16"	7/32"	5/8"	pkg/10
M6SB	1/4" - 5/8"	5/16"	7/8"	pkg/10

1/2" Wide Standard Hose Clamps

These hose clamps are superior in strength and will "out clamp them all". Consider these features: 1/2" wide band; rounded edges to protect the hose; extra strong, four-point construction. Bands are made of corrosion resistant stainless steel. The 5/16" hex head and housing are carbon steel. **Made In U.S.A.**

Larger hose clamps are available in case quantities. Only by special order.

Jackhammer Hose

This is a 250 or 300 psi working pressure assembly coupled with banded on air-king type couplings. Its spiral construction, EPDM tube, and cover provide excellent kink-resistance, flexibility, and ozone resistance. This heavy-duty air hose is preferred for most construction applications. **Made in U.S.A.**

Part No.	Hose I.D.	Length	Wt./Ea.
WCC-JH3450	3/4"	50 ft.	25 lbs.

Promotional Rubber Air Hose

Our general service air hose is an economical air hose for use when there is only a maximum of 150 psi. Great for places where there is little or no abrasion. This hose resists cracking and ozone, and stays flexible in the most extreme conditions. This hose is sold with no cover color choice.

Reinforcement: High tensile strength textile compound

Cover: Specially formulated PVC compound 1200 psi burst

Construction: 1200 psi burst, 4 spiral construction.

Made in U.S.A.

Industrial Oil Resistant Air Hose (250 PSI Minimum)

Our premium air hose is designed for the toughest job applications. Extra heavy oil resistant cover resists abrasion, cracking and ozone. This hose is a high quality hose that can be used by all industries. Its oil resistant tube and cover make this the desired hose in the mining, steel and petroleum industries. Handles oil saturated air, lubrication oils suspended in air, mild alkalies and caustic solutions.

Oil Resistance: Medium to High

Made in U.S.A.

Industrial Rubber Air Hose

Mize Wire air hose is designed to handle many special purpose air applications requiring working pressure of 250 psi. Has EPDM cover to resist abrasion and ozone, while the multi-spiral reinforced construction keeps it flexible. This hose is an economical, general service hose for various industrial, agricultural, construction, service station, and garage applications where oil is not considered a significant factor.

Construction

EPDM: Tube and Cover

Oil Resistance: Limited

Reinforcement: 4 spiral polyester yarn, 1000 psi burst

Made in U.S.A.

Petro-King High Oil Resistant Hose

High Oil Resistant Hose is extra high burst pressure (300#) in all sizes through 1". Its extra heavy nitrile blend cover resists abrasion, cracking and ozone, as well as oil. Its nitrite tube is smooth and high oil resistant. It will convey oil, gasoline, fuel oil, and other petroleum derived products. It has a 4 spiral construction that provides strength and flexibility even in extreme conditions.
